WORK EXPERIENCE

UX/UI-Designer

Sept. 2025 – Present

San Diego State University

San Diego, CA

- Utilize Figma for wireframing and prototyping and ClickUp for project management and task tracking
- Conducted competitor analysis and user research to identify design opportunities and improve user engagement
- Currently developing an AI-based website that integrates user feedback and automation to enhance personalized experiences

Management Intern- City Councilmember Sean Elo-Rivera Offices

June 2024 – Aug. 2025

City of San Diego

San Diego, CA

- Conducted over 20 community outreach calls to gather and analyze data on local needs, informing policy decisions
- Created promotional flyers and social media posts, increasing event participation by 25% among targeted community members
- Tackled community members' concerns and effectively communicated with different departments to address issues and implement solutions
- Used Asana to track project progress, manage deadlines, and coordinate tasks across teams, improving office efficiency

Retail Associate

Jul. 2023 – Dec. 2023

Inmotion Ent

San Diego, CA

- Provided product information and helped customers make informed purchase decisions
- Assisted customers with purchases, offering guidance and recommendations based on their needs
- Managed cash transactions, ensuring accurate transfers between registers and locations

PROJECTS HIGHLIGHTS

Netflix Data Analysis Report

- Conducted exploratory data analysis on Netflix dataset (sourced from Kaggle), extracting insights from the first 50 records to address key stakeholder questions
- Utilized Microsoft SQL for data querying and transformation, enhancing data accuracy and enabling detailed analysis
- Created clear, data-driven visualizations in Excel to communicate trends and findings to non-technical stakeholders

System Analysis Report

- Analyzed system processes and proposed an automated solution using Monday.com to streamline application data collection and reduce processing time by 20%
- Created process flow diagrams and implemented cost-effective strategies for the system

Investment Report

- Collaborated with classmates to gather data and create an investment pitch to present to potential investors. The pitch included a memo, market analysis, and cost analysis
- Conducted research to identify industry trends and market opportunities to gain investment support
